MEMORANDUM FOR THE RECORD

SUBJECT: White House Guidance on Sensitive Briefings for  
Congressional Staff Members

1. Per the Director's instruction, I this morning called the office of Mr. Bryce Harlow, in the White House, to get guidance for responding to Senator John Sherman Cooper's letter to the Director requesting that William G. Miller, of Cooper's staff, receive "special clearances for sensitive matters."

2. Mr. Harlow was unavailable but shortly thereafter Mr. Lamar Alexander called back to say that Mr. Harlow was completely preoccupied with the Haynesworth matter and would not be able to talk to me for a couple of days. Mr. Alexander asked if I would explain my problem, which I did. He said he would take it up with Mr. Harlow as soon as possible and he or Harlow would call me back.
